Welcome to the Military Equipment Valuation and Accountability Website

The Department of Defense is consolidating its military equipment valuation and accountability into one website because of the improvements called for in The

business transformation, and because of the Department's general property, plant and equipment (PPE) policy, which requires that 27% of DoD's total assets, we

The initiatives described in this website will result in decision-makers having more information about our military equipment.

With more knowledge, DoD senior leaders can make better informed decisions and increase the public's confidence and trust—trust that we're spending taxpayer funds prudently, while providing the best possible support to the warfighter.

Certificate Import Wizard

Welcome to the Certificate Import Wizard

This wizard helps you copy certificates, certificate trust lists, and certificate revocation lists from your disk to a certificate store.

A certificate, which is issued by a certification authority, is a confirmation of your identity and contains information used to protect data or to establish secure network connections. A certificate store is the system area where certificates are kept.
